Description

A unique designed new construction project, on a large flat plot with sea views in the, sought-after area of El Portet close to the beautiful beach and the amenities.

This would be a perfect location to build your dream home.

Modern structure giving this home the individual touch that we all crave.

The ground floor has an ideal distribution as a main living area being on one level which includes a spacious bedroom with an en suite bathroom, and an open plan area consisting of the living room, dining room, kitchen. There is also a visitors' bathroom and utility room. The stairway leads up to the first floor on which you will find the main bedroom with ensuite and 2 large double bedrooms and bathroom. All bedrooms lead out to the surrounding terrace area.

The exterior area has a large open pool terrace and also covered terrace. The ample-sized infinity pool adds the final touch to this modern home.

The advantage of a VillasBuigues project is that our clients have the opportunity to not only re-design the distribution but also to create their own dream house.

For more information on our top quality fixtures and finishings included in this price please contact our office.
