Description

We all have those moments when we wish we could just find that home we've always dreamed of without too much hassle.

In this wonderful and modern luxury villa, that dream can finally come true in a property that truly looks like something out of a Hollywood movie and located in the area of Oltamar, Calpe, to make the most of the magnificent sea views.

This villa is spacious and has enough room for the family to spread out. It is located close to restaurants and supermarkets and consists of 2 floors, where the upper floor comes with all the amenities you could ask for included in the perfect package.

The architecture that we want to conceive in this project has as its philosophy to build a modern house with very defined and straight lines, so that there are elements that break with the standard in avant-garde architecture.
