Description

The Magnolias residential estate in Cumbre del Sol is home to Villa Aqua, characterized by outward-looking architecture, towards the blue of the Mediterranean, and designed for sharing and partying. The upper floor houses the entire house, offering additional comfort. The night zone features three en-suite bedrooms bathed in natural light, preserving a high degree of privacy from the daytime areas. The living room, dining room and kitchen are connected to the outdoors, thanks to the use of glass walls that promote a permanent visual connection with the sea. The 70m² terrace is dominated by an infinity pool. The house is completed by a multi-purpose basement with two porches and a garage. The geometric shapes that design the exterior structure are clad in glass and sheets of gray natural stone, which contrasts with the white of the facade. The cube housing the master bedroom terrace stands out for its overhang and direct view of the sea. For plans and further information please do not hesitate to contact us.
