Description

Villa Veleta, a new iconic villa in Residencial Jazmines. Its design from the 21st century blends in with the exclusive surroundings of Residential Resort Cumbre del Sol perfectly. It is built on a 1.168m² plot of land, where, as the villa faces the southwest you can see and enjoy amazing sunsets.

Everything about this villa shouts out quality and style, with an intelligent design that offers a practical distribution of the villa that optimises, even more, its exceptional views of the Mediterranean.

A home with many spaces to enjoy lounging around and family life in front of the sea. There are several rooms all connected with each other to be able to live different moments of the day in different settings. A dining room and living room, a kitchen with a central island where you could enjoy a perfect breakfast, and a large summer porch with a BBQ. All these rooms are laid out so you can enjoy good conversation, celebrate important family events or for you to just relax gazing at the sea

The main bedroom was designed thinking about comfort and relaxation. It is a private area with a large en suite bathroom with bath and shower facing the sea. It also has a large walk-in-closet and access to a private terrace. For plans and more information please do not hesitate to contact us.
