Gata de Gorgos, Alicante, Spain

### Description

Very well-maintained log house/bungalow on the outskirts off Gata de Gorgos.

This very quietly located log house offers beautiful views of the Montgó massif. The property is spacious and is divided as follows: Large living space, two bedrooms (one with dressing room), one shower room and a small functional kitchen. Because of the climate, the owners have chosen to invest in a very large fully equipped outdoor kitchen with a nice sitting and dining area. Private pool with a nice pergola with great views and an outdoor shower. The property is 'off-grid' as far as electricity is concerned, the solar panels offer 5.5Kw/h, water is connected to the mains and also they have shares in irrigation water for the very maintained Mediterranean garden. Under the house is a very nice spacious garage and basement. The house has double glazed windows, aircon,.. and many other features. In terms of location, the property is a 20-minute drive from Javea, 15 minutes from Pedreguer and an hour to Alicante and Valencia airport. This villa is suitable for people who want a very private and quiet, ready to move in partially off-grid property.
